This season, the girls competed in more tournament than many grade 7 teams normally would. This was a testament to the strength and commitment of this team! They started out slow, but their improvement at the end of the season showed how determined they were to grow. Shoutout to their Captain Layla Waberski for leading her team throughout the entire season. Well done girls!

The grade 8 girls had a wonderful season this year, and competed in round robins almost every week. Their performances throughout the season was amazing and their hard work and determination surely showed through the way they played. They played great in their final tournament in Dawson, where they went up against other grade 7 and 8 teams. Their captains Payton Baker and Rowan Clarke led the girls to victory multiple times, and never stopped cheering on their teammates. We can't wait to see what you'll show us next year!

Grade 9 Girls:

Coached By: Mr. Bell & Mr. Windhorst

These girls improved so much throughout the season and never gave up. At the Bert Bowes Bash tournament, the girls won all of their games by pushing only one game going to a third set. Ultimately, they won the gold medal against their rivals, DKMS. In their final tournament, they pushed themselves to their limits, almost making it to the gold medal game. In the end, they settled on fourth place; but didn't give up for a second! Shoutout to captain Izzy Merk and floor captains Brooklyn Coyle and Tristen Barry for their great hits, passes and sets, helping lead the girls to victory multiple times. Way to go, ladies!
